Re: Internship Endorsement

Dear Jinky Sanchez:

Greetings from the Country's 1st Polytechnic UI

The Institute of Technology, Diploma in Information Technology will undergo their **300-hour On-the-Job Training** this Summer Term of the Academic Year 2023-2024. This initiative is integral to our educational strategy and is designed to provide our students with practical, real-world experience that complements their academic coursework.

The internship program aims to:

1. **Enhance Practical Skills:** Students will have the opportunity to apply theoretical knowledge in a practical setting, thus bridging the gap between classroom learning and real-world application.
2. **Professional Development:** Students will develop essential soft skills such as communication, teamwork, and problem-solving, which are critical for their professional growth.
3. **Industry Exposure:** By working closely with industry professionals, students will gain valuable insights into their chosen field, understand industry standards, and build professional networks.

In this regard, we respectfully endorse that our student, Agatha May D. Esguerra, undergo on-the-job training from your prestigious establishment. We believe your esteemed organization would be an excellent fit for our internship program. Under your guidance, we are sure that our students will acquire a great deal of experience and expertise, which will benefit your company.

Thank you very much for your kind response and assistance.

Respectfully yours,

ASST. PROF. MELANIA MELANIE M. CRASCO
Internship Adviser

Noted by:

ASST. PROF. MAY ROSE M. VILLEGAS
OJT and QA Coordinator

ASST. PROF. ZENAIDA S. BONA OBRA
Chairperson, Office Management and Information Technology Dept.
