1 Overview of OsoCleanPH

OsoCleanPH, registered as OsoClean OPC, is a supplier of biodegradable garbage bags based in Metro Manila, Philippines, focusing on eco-friendly waste management solutions for households, businesses, offices, and hospitals. They operate in major cities including Makati, Mandaluyong, Pasig, Pasay, Manila, Quezon City, Taguig, Parañaque, and Las Piñas, with nationwide delivery.

1.1 Business and Contact Information

- **Business Name:** OsoCleanPH (Registered as OsoClean OPC)
- **Sales Address:** 511 Mandaluyong Executive Mansion 1, G. Enriquez St., Mandaluyong City, Metro Manila
- **Email:** sales@osoclean.ph
- **Contact Number:** 09258006335

2 Product Details: Biodegradable Garbage Bags

OsoCleanPH offers oxo-biodegradable garbage bags made from LDPE with biodegradable additives, designed to be durable and environmentally safer than standard plastic bags.

2.1 Sizes and Specifications

- **Sizes:**
 - Small: 9" + 9" x 18"
 - Medium: 11" + 11" x 24"
 - Large: 13" + 13" x 32"
 - XL: 15" + 15" x 37"
 - XXL: 18.5" + 18.5" x 40"
 - XXXL: 22.5" + 22.5" x 45"
- **Thickness Options:** 0.009, 0.0010, 0.0011, 0.0012, 0.0013, 0.0014, 0.0015 mm.
- **Packaging:** Flat packs (e.g., 100 pieces per pack for XXXL). Minimum order for XXXL: 3,000 pieces.
- **Colors:** Yellow, Red, Green, Blue (for hospital waste segregation), Black, Clear.

2.2 Material and Environmental Claims

- **Material:** LDPE with oxo-biodegradable additives.
- **Environmental Impact:** Marketed as environmentally safe, though oxo-biodegradable bags may break down into microplastics and have limited degradability in landfills.
- **Use Cases:** Suitable for hospitals (waste segregation), households, restaurants, and commercial settings.

2.3 Pricing and Availability

- **Pricing:** Described as low-cost; specific prices unavailable. Samples available upon request.
- **Ordering:** Via email (sales@osoclean.ph) or phone (09258006335).

3 Customer Feedback

- **Positive Reviews:** Customers praise the bags' thickness and durability, ideal for kitchen and multi-purpose use. Alyssa O. noted, "They provide excellent quality trash bags. We really love how thick the garbage bags are."
- **General Sentiment:** Bags are valued for keeping spaces neat and being a cost-effective biodegradable option.

4 Environmental Considerations

- **Oxo-Biodegradable Limitations:** Require UV light and oxygen to degrade, may fragment into microplastics, and are less effective in landfills compared to compostable bags.
- **Comparison to Alternatives:** Unlike fully recyclable (e.g., Who Gives A Crap) or compostable bags (e.g., HoldOn), OsoCleanPHs bags are not designed for recycling or composting but for waste disposal with reduced persistence.
- **Recommendation:** Suitable for durable, cost-effective waste disposal in Metro Manila, but users should verify local disposal options for optimal sustainability.

5 Conclusion

OsoCleanPH, registered as OsoClean OPC, provides a range of durable, oxo-biodegradable garbage bags tailored for households, businesses, and hospitals in Metro Manila and beyond. While cost-effective and strong, their environmental benefits are limited compared to fully compostable or recyclable alternatives. For inquiries or orders, contact OsoCleanPH via email (sales@osoclean.ph) or phone (09258006335).
